

# Flights of Fancy!

Did you know that Alberta is a major migratory pathway for numerous wildlife species, including bald and golden eagles?

Join us on Thursday, September 27th, 2018 as we enjoy an engaging evening with guest speaker Peter Sherrington on the topic of eagle migration!

Enjoy some light refreshments and conversation with other nature lovers, and take part in our raffle for the chance to win helicopter flight tickets, generously donated by Alpine Helicopters in Canmore!

Peter has spent a lifetime studying birds and nature in many parts of the world. His greatest contribution is his intensive study of the migration of golden eagles and other raptors in the Rocky Mountains. Peter discovered the massive migration of golden eagles in 1992. Before then, North American golden eagles were thought to be generally sedentary, like most other populations of the species around the world.
