Go to <https://www.youtube.com/watch?v=cWVggPRG0uE> for helpful information. You can also search “Alberta Institute for Wildlife Conservation” on Youtube and find the Skunks 101! video, or check out our Online Learning page at www.aiwc.ca under ‘Get Involved’

Try adding kits, a den, food, predators, and other dangers. Bonus! Show what you can do to help skunks
